

Teachers' Plan for National Women's Day Project

8-10 August, 2009

We would like you to make use of the multi-functions of the Mobile phones during this National Women's Day weekend to:

- Record **Audio** by conducting at least ONE interview using the guiding questions provided.
- Record **Video** by conducting at least ONE interview using the guiding questions provided.
- Take 4-6 images (still **Photos**) with the help of the guidelines provided.
- Write a 60-100 words short **Text** with the help of the guidelines provided.

National Women's Day

Celebrating Women's Relationship through Audio, Video, and Text

In composing your **Audio** and **Video** recording, please consider these guiding questions.

What 1-3 women could you interview?

During the interviews, please explore questions like these:

How would you describe a meaningful relationship?

What makes a relationship healthy?

What is important to remember as relationships change?

In composing your **Photo** footage, please consider these guiding questions.

What 6 images could you capture that portray a woman and her relationship to an important personal or public place?

Are there additional images that you could include to highlight a woman's freedom to move and speak in this place?

In composing your short **Text**, please consider these guiding questions.

What woman have you enjoyed a special relationship with?

What qualities of that woman are/were most significant to you?

What descriptive words could you use to write a tribute to this woman?
